

## CIVIL WAR VETERANS MEET

### 13TH WISCONSIN VOL. INFANTRY

When the Boys Left Camp Treadway for the Front.

ON JANUARY 18, 1862

Survivors of That Gallant Troop Are in Reunion in This City Today.

SALISBURY IS NAMED

On the 18th of January, 1862, this city was the scene of an unaccustomed activity, of sorrowful partings, of earnest patriotism. The regiment of soldiers that for weeks had been camped on what is now Bostwick's park, was then Camp Treadway, in those fearful days at the beginning of the Civil war, broke camp at 9 o'clock on the morning of that memorable day, the tents were taken down, and, with the baggage, transported to the depot where the soldiers took the train for Chicago, enroute for Leavenworth, Kansas.

**Bid the Boys Good Bye**  
Reference to the files of The Gazette of that time show that the day preceding the departure of the regiment was also devoted to leave-taking. The Gazette of Jan. 17, says: "As the regiment was mainly recruited in this county a very large number of people are in town visiting the camp and bidding the men good-bye."

"The regiment is in intelligence, patriotism and manly vigor, the equal of any sent from this state, and whenever opportunity occurs, will be found foremost among the defenders of the country. 'God bless you, boys!' will rise from thousands of hearts and lips, tomorrow, as the Thirteenth departs for the wars."

**Great Crowds Assembled**  
Concerning the departure of the Thirteenth The Gazette of the following evening says: "The Thirteenth regiment left this forenoon at 10 o'clock for Leavenworth. Its departure was witnessed by the largest of the occasion. Gov. Randall, vened in the city. Many of the friends and relatives of the soldiers must have taken an early start, as we hear of them from the vicinity of Whitewater and remote parts of this county. Colonel Barstow's regiment turned out as an escort, and by their fine appearance and large numbers added greatly to the interest of the occasion. Gov. Randall, Quartermaster General Treadway and Colonel Allen, of the Sixteenth regiment, came down on the morning Madison train."

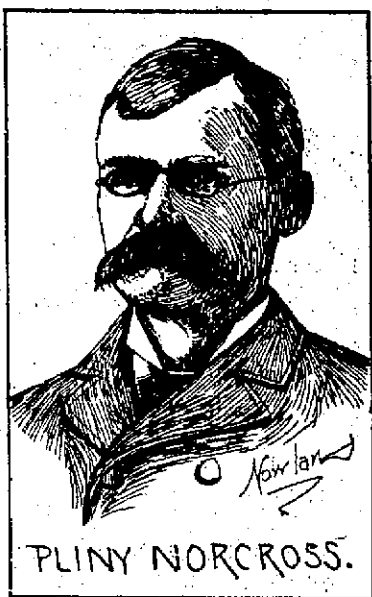

"The men in the regiment were generally in good spirits, though there were some solemn faces among them and many tearful eyes among the throng at the depot. For several reasons, today will long be remembered by the people of Janesville and Rock county."

**Field Staff in Command**  
When the regiment left Janesville for the front, over thirty-nine years ago, it was under the command of the following field staff: Maurice Maloney, colonel; James T. Chapman, lieutenant colonel; Thomas O. Bigney, major; William Ruger, adjutant; Platt Eveshimer, quartermaster; John M. Evans, surgeon; Elisha G. Horton, first assistant surgeon; Simeon L. Lord, second assistant surgeon; H. C. Tilton, chaplain; W. M. Scott, sergeant major; Ira B. Dutton, quartermaster sergeant; S. S. Wallihan, steward; S. B. Clemens, leader of the band; John Berrie, drum major. The band included fourteen members besides the leader and the drum major.

Edward Ruger and S. C. Cobb, both of this city were captain and first sergeant, respectively of Company A, known as the Ruger Guards. F. F. Stevens was captain of Company F, the Rangers, and Pliny Norcross was captain of Company K, Treadway Rifles. In the ten companies of the regiment there were enrolled 841 men.

**Gathered Again Today**  
Today the survivors of the Thirteenth gathered again in this city from which they marched with flying banners and elastic step thirty-nine years ago. The years that have passed have bowed the erect forms and taken the buoyancy from the step but it has increased rather than diminished the loyal love for the starry banner which waved above their heads even more proudly and triumphantly today than it did in the long ago.

**Began to Gather Early**  
The veterans began to gather early this morning and hearty greetings were exchanged while hand clasped hand, firmly and eyes were dimmed with tears. There is no band like that which binds together the soldiers, who though they have seen many years of joy and sorrow, find their memories lingering most often around the scenes of camp life and battle. At noon the veterans sat together around the bountifully laden dinner tables and enjoyed not only the tempting viands placed be-

PLINY NORCROSS.

fore them but the feast of reminiscences which accompanied the dinner.

It was a veritable love feast and former comrades who had not touched elbows for many months and some who had not seen each other for years enjoyed every moment of the fleeting day. There were one hundred members of the Thirteenth present and veterans from other regiments joined with them in their reunion.

**Excellent Dinner Served**  
An excellent dinner was well served by the ladies of W. H. Sargent Woman's Relief Corps No. 21, and everything possible was done for the comfort of the old soldiers. There was nothing in the abundance of good things or the daintily spread tables to recall the days of hard tack and black coffee except by contrast. The tables were spread in the park near the court house and were under canvas. The out-of-door air and the pretty surroundings added much to the appetizing dinner. A great many people were served and the dinner hour was prolonged until nearly two o'clock, the time appointed for the beginning of the business meeting and the program of exercises.

**Called to Order by Norcross**  
Capt. Pliny Norcross, president of the association, called the audience, which had assembled in the circuit court room, and filled the vast room, to order shortly after two o'clock and congratulated the regiment for the great number present.

Captain Norcross spoke with his accustomed eloquence and hoped that they would meet year after year until there were none of them left. His remarks were liberally applauded.

**Reading by Bessie Clark**  
Miss Bessie Clark of Milton, daughter of Secretary Clarke, gave a very clever reading entitled "Dickens's Dog." Miss Clarke possesses considerable ability as an elocutionist.

Miss Lillian Babcock of Milton gave a violin solo very acceptably. Miss Babcock was handicapped by not having a piano accompaniment. Secretary Clarke ordered one for 10 o'clock but at two o'clock it had not arrived and the order was cancelled.

Capt. Edwin E. Woodman, of St. Paul, Minn., a former teacher in the Janesville schools, was called out. He said how much he had missed in not being able to be present at other reunions. It had been some time since he had attended a soldiers' reunion. He spoke feelingly and at some length and his remarks were listened to with great interest by the large audience.

**President Salisbury Speaks**  
President Albert Salisbury of the Whitewater Normal school was the next speaker and was as usual in good form and pleased as well as instructed his hearers. He regretted very much that he was not in order but only a school teacher. He made some good points. He said he had a happy time in the school room during the thirty-five years he had been there. The great American conflict had been fought and settled and "we are the fellows that did it."

**Salisbury for President.**  
Hiram Hall of Chicago spoke in an interesting manner after which Miss Clark of Milton gave another recitation, "A Waterproof Town," by F. Hopkinson Smith.

The election of officers was then held and resulted as follows:  
President—Albert Salisbury, White water.  
Secretary and Treasurer—W. P. Clarke, Milton.

The next meeting will be held in this city the Wednesday following the National encampment of the Grand Army in 1902. Effort was made to take the meeting to some other city but the motion was lost.

After the lecture, speeches were made by a number of those present.

**Report of the Secretary**  
The following report was made by Secretary W. P. Clarke, of Milton:  
Comrades: Since our last meeting fifteen of our members have answered to the last roll call. The list comprises:  
Lt. Col. J. F. Chapman.  
Joshua Adee  
M. Monahan  
Capt. John T. Fish.  
T. H. Donnell  
D. McDonald  
H. Dotzenrod

## POPULAR PRIEST DIES IN COLORADO

Milwaukee Divine Who Built the Largest Church in That City Has Passed Away.

Milwaukee, Wis., August 21.—The Rev. Father William J. Grutza of St. Joseph's Catholic church died yesterday afternoon of consumption, after a short illness. His assistant, the Rev. Father Kempa, and Dr. Wagner of this city were with him. It was Father Grutza who built the new big St. Joseph's church, one of the finest in the northwest. He purchased the stone from the old Chicago postoffice, which was utilized in the erection of the big edifice, which cost \$175,000, but which, it is said, represents an apparent outlay of \$750,000.

Father Grutza was one of the best known priests in Milwaukee. He was confirmed in the Catholic ministry at St. Francis. He was born in Poland in 1856 and came to this in 1887. He was made assistant pastor of St. Stanislaus' church. In the following year St. Joseph's church congregation was organized, and Father Grutza was appointed pastor, a charge that he faithfully held until death.

## BEYOND THE REACH OF LEGISLATURES

Remarkable Statement by President Wetmore of the American Bar Association at Denver.

Denver, Col., Aug. 21.—The fourth annual session of the American Bar association opened this morning. President Wetmore in his address said that while thirty states had adopted stringent anti-trust laws yet the amount of the capital employed in the form of consolidated incorporation had in those states enormously increased which would seem to show that the form of employment of capital was beyond the reach of the legislatures.

## FATAL WRECK ON THE ALTON ROAD

Engineer and Fireman Killed, Five Passengers Seriously and 25 Others Slightly Injured.

Jacksonville, Ill., August 21.—The Chicago & Alton's fast passenger and mail train between Chicago and Kansas City was wrecked at Prentice near here shortly after midnight in a collision with a freight train. The engineer and fireman of the passenger were killed and five passengers seriously injured. Twenty-five others were slightly injured.

## SECRETARY HAY CALLS ON M'KINLEY

Canton, O., August 21.—Secretary Hay arrived today for a conference with the president. The burden of their discussion is said to be in the interests of the United States in Panama and the best way to look after them. The questions concerning China will also be discussed.

## SPARKS FROM THE WIRES

London, August 21.—It is stated today that the late Dowager Empress Frederick recently destroyed her journals and correspondence with Victoria, her mother, in order to prevent any leaking of such secrets as were contained therein.

Fall River, Mass., August 21.—A thorough canvass indicates that the plan to cut wages of the cotton mill operatives here will fail. The cut will cause a strike of thirty thousand workers.

Frankfort, Ky., August 21.—The September grand jury will be called upon to investigate further the assassination of Governor Goebel.

## FEAR OF A SMALLPOX EPIDEMIC: NEEDS PROMPT AND EARLY ACTION

Dr. Wingate of the State Board of Health, Says the Disease Has Assumed a Malignant Form, and Will Surely Spread Unless Stopped.

Milwaukee, Wis., August 21.—"Wisconsin and all states of the middle west will be swept by a scourge of malignant smallpox unless prompt and early action is taken against the disease."

Such was the declaration made yesterday by Dr. Uranus O. B. Wingate, secretary of the state board of health and the opinion thus expressed was endorsed by Dr. Solon Marks, the president of the state board, and by Dr. F. M. Schultz, commissioner of health of Milwaukee.

"Unless the disease is wiped out from the lumber camps this summer it is likely to spread rapidly over this and adjoining states," said Dr. Marks last evening. "The disease has assumed a much more malignant form than it did last year, and is harder to control. Unless wiped out before winter it will surely spread. State and city boards of health are already greatly alarmed at the form it has taken and are making strenuous efforts to do away with the evil. It can only be prevented by vaccination proper public and private sanitary conditions and detention of all those who are taken with the disease."

Dr. Wingate, who has just returned from the northern lumber districts, in speaking of the disease, said: "The disease was brought here from the Philippines, where it is always prevalent to a large extent. When first brought here two or three years ago the disease was not noticed in a malignant form, because the germs had been working in the system of a less hardy people. The germs have gradually adapted themselves to circumstances and have gradually become stronger."

"The situation in the lumber camps in our own and neighboring states is alarming, in Bayfield and Douglas counties particularly so. In Douglas county alone there have been over 450 cases this year, and in one mining camp in Bayfield county half the men have had or now have the disease. With such a condition of affairs, during the winter months, the mortality would have been large. The county authorities were powerless and the state has taken up the matter."

## WILL STAND BY THEIR CONTRACT

The South Chicago Steel Workers Have Issued a Statement.

## WILL NOT STRIKE

President Shaffer Feels Hopeful That Strike Will Be a Success.

## TROUBLE IS BREWING

Chicago, Aug. 21.—While Vice President Davis of the Amalgamated association was straining every nerve last night to induce the union men in the Illinois steel works at South Chicago to reconsider their action of ten days ago and strike, a committee of the steel workers themselves gave out to the public a defense of their refusal to strike—a defense that is based on the inviolability of contract. Rumors had been scattered broadcast that the men were in discontent; that a number of them already had quit work, and that the forced closing of the great mills was imminent. Three men who on Monday staid away from work on account of illness were said to form the nucleus of the striking body. These men, however, returned to work yesterday, and the uneasy feeling of Monday turned somewhat toward conservatism. Meanwhile, Vice President Davis' appeal to President Shaffer to come and rally the men to a strike sentiment was answered. President Shaffer said that either he or some one of his chief organizers would come. Mr. Davis tried twice during the day to get a meeting of the men to arrange for a big strike meeting later in the week, but both of his attempts were failures. In the afternoon less than half a dozen men appeared and in the evening the idea was abandoned entirely. He is not yet hopeless and promises to have a large meeting on Sunday, until which time he thinks no distinct step will be taken toward a strike.

**Shaffer Feels Hopeful**  
Pittsburg, August 21.—The steel strike is barren of developments today. In an interview Shaffer expressed himself as more hopeful than ever of the result. The situation in this district is unchanged.

## MADISON GIRL IS WEDDED TO A JAP

Foreigner Who Recently Graduated from State University, Sails for Japan with American Bride.

Madison, Wis., August 21.—News has come that G. S. S. Ishikawa, for six years a student at the state university here, doing special work under Professor R. T. Ely and Miss Mary McCrae, for years stenographer in the Railroad commissioner's office here, were married at Alexandria, Ont., last Thursday. On Monday they sailed for Japan. Ishikawa was a brilliant student, having taken his degree as doctor of philosophy here last June. He is preparing himself for consular service in his native land. He lived in America for ten years. He is about thirty years of age. Miss McCrae was born in Canada, but her recent home was in Alma, Wis.

## New Railway for La Crosse

La Crosse, August 21.—It is reported here today that the Chicago & Great Western railway is figuring on coming into La Crosse from Minneapolis and then absorbing the Green Bay and Western road.

## ALMONDS ARE HELD FOR A BIG PRICE

California Crop is Said to Be Short Though the Nuts Are Plentiful in Arizona.

Phoenix, Arizona, August 21.—The great demand for the almond, together with the shortage of the crop in California, will put that nut among the list of luxuries this winter, inasmuch as the supply will depend altogether upon Arizona.

Fortunately the Arizona crop will be extraordinarily heavy, larger, in fact, than ever before known. Early and heavy frosts, with last year's drought played havoc with California almond orchards and as the most of the supply has heretofore been dependent on California, and as Arizona's almond acreage is comparatively small, almond prices are likely to double.

A total of less than 1,000 acres of almonds are in bearing in Arizona. Most of the crop has now been gathered. An average result has been from 500 to 1,000 pounds per acre, in some places over 1,500 pounds being gathered. Arizona growers are holding their product at 15 cents per pound a price which will give returns of from \$75 to \$225 per acre.

## TRUST FORMED TO DEAL IN ANYTHING

Most Liberal Franchise Ever Known Granted in Connecticut—Power is Absolutely Limited.

Bridgewater, Conn., August 21.—A corporation which is practically authorized to deal in anything everywhere in the world, and capitalized at \$5,000,000, with power to increase its stock to \$250,000,000, has been granted a charter by a special act of the legislature of this state.

The five incorporators, whose places will be taken by the real promoters of the gigantic enterprise when it begins operations, are said to be representatives of the Elkins, Whitney syndicate of New York, among others. The corporation is known as the International Power company. It has unlimited possibilities and has without exception the most liberal franchise ever granted by the state of Connecticut. It is required to pay an annual franchise tax of 1.10 per cent of the market value of its capital stock annually issued, and a tax of 1 per cent of the market value of the stock owned in this state. It is further required to make an annual statement to the banking commissioners of the state of its resources and liabilities.

## GOLF CHAMPIONSHIP

Anchterlonie Captures the Prize at Midlothian—David Bell Came in Second.

Chicago, August 21.—Lawrence Auchterlonie of Glen View, as canny a Scot as ever teed a ball, won the western open golf championship at Midlothian yesterday, leading a field of forty with a score of 160 strokes for the thirty-six holes. David Bell who finished just behind Vardon and Taylor in the open event last fall, was a close second, with 162.

Will Smith, previous holder of the title by reason of his victory in the first open golf championship of the Western Golf association at Glen View in 1899, and picked to win the event this year, was a bad fifth, tying with Arner C. Tollison, the American professional at the Lake Geneva Country club with a score of 171.

The victory for Auchterlonie was deserved and is the reward he has long coveted. He and Smith tied at 79 in the first championship at Glen View, and on the play-off at eighteen holes Smith beat him ten strokes—75 to 85—on his own course, a bitter pill. It was therefore a satisfaction for him to turn the tables on Smith yesterday, and the two can now call quits.

## CHILDREN SOLD IN THE PHILIPPINES

Families Who Are Bitten with Famine Do Not Hesitate to Sell Their Offspring.

Washington, D. C., August 21.—War department officials are determined to interfere with the traffic in children, which has been going on in certain parts of the Philippines, constituting one of the gravest questions with which the army officials in that section of the country have to deal. Reports received at the war department say the traffic is confined to the natives in the departments of Mindanao and Jolo.

The traffic comes as a result of the improvidence of the people, and families who are bitten by famine do not hesitate to seek relief by the sale of their children.

Major J. S. Pettit, First Infantry, formerly colonel of the Thirty-First Volunteer Infantry, the commander of the Second District in that department, says, however, that he has about broken up that traffic, which has been going on in children of the Tirenarya, a degenerate race south of Catabado.

Paducah, Ky., August 21.—The bodies of six of the victims of the City of Golconda wreck have been recovered.

Miss Nettie Engels of Le Mars, Ia., is visiting relatives in this city.

## NEGRO LYNCHED BY ANGRY MOB

Ten Thousand Texas Farmers Take a Hand in the Job.

## BURNED AT STAKE

Brute Assaulted and Killed. Mrs. Caldwell, a Bride of Two Months.

## CONFESSED THE CRIME

Sherman, Tex., August 21.—Abe Wildner, a negro, about 30 years old, was burned to death late last evening at Red Branch, in the northwestern portion of this county by a mob of 2,000 enraged citizens.

For three days from 3,000 to 6,000 men and boys have sought Wildner. Last Friday evening Miss Bessie Caldwell, wife of J. M. Caldwell, a young farmer living on Sanborn's ranch, ten miles west of this city, was outraged and murdered and her body dragged into a storm cellar and hid.

Caldwell had gone to the postoffice for his mail. At 6:30 in the evening he returned, and finding blood scattered over the floor went into the cellar and there found his wife, a bride of only five months and only 19 years old, cold in death. Her head was terribly bruised by an ax, her throat cut from ear to ear and her clothing twisted about her throat and mouth as if to gag her.

Wildner had purchased a lunch at the Caldwell house and was suspected. The sheriff here was notified and soon had hundreds of deputies and in all probability 1,000 men and boys went in pursuit. Last evening a farmer, John Churchill, living over the Red River in the Chickasaw Indian nation, arrested Wildner and turned him over to a large posse of citizens who were in close pursuit.

Word was communicated here by telephone and to every point within thirty miles around. It soon became known that it was intended to burn the negro at the stake near the scene of the crime and by dark 10,000 people had congregated at Whitesboro within four miles of the home of young Caldwell.

The governor was apprised of this state of affairs and gave notice to the volunteer company of the city, Gainesville and Denison; to be in readiness to move at a moment's notice. This was communicated to the crowd that had Wildner in charge, then hastening with him to Whitesboro. As soon as the orders of the governor were communicated to the mob they tied the negro to a stump and piled dry corn stalks around him and set he heap on fire. The negro who had already confessed, died in great agony.

## FIVE MEN DROWN IN A TUNNEL SHAFT

Another Dreadful Disaster in the Cleveland, Ohio, Water Tunnel—List of the Dead.

Cleveland, August 21.—Five men were killed as the result of an explosion in the water works tunnel shaft, the scene of last week's horror. The side of the steel shaft was blown out and the water poured in on the men drowning them like rats in a trap. It will be several days before the bodies can be recovered.

About twenty men were in the crib house where the accident occurred and they made frantic efforts to communicate with the shore but failed. There was not a single life boat at the crib. A passing tug was hailed at daylight and informed of the disaster. The news was quickly carried ashore and relief boats were sent out.

The dead are: James Williams, Raymond Trotschard, John A. Burt, Dan Higgins and A. Valneious.

## HEADQUARTERS AT WATERTOWN, WIS.

Five Days' Session of the German Lutherans at Mankato, Minn., Adjourned Last Evening.

Mankato, Minn., August 21.—The German Lutheran assembly for Wisconsin, Minnesota and Michigan closed a five days' session on Sunday afternoon. The synod today elected the board of managers for the seminary at New Ulm. This board consists of sixteen members. The Northwestern University at Watertown, Wis., has been designated as the depository for the all important documents of the synod. The proposition to convene the general assembly only once in three years instead of biennially, as heretofore, was adopted.

**Typewriter Supplies the Pen.**  
A glance over the bundle of manuscripts that compose a publisher's mail does away with the idea that one author in a hundred sticks to the pen. The typewriter has supplanted the pen in most cases, and has, in turn, been pushed aside as mere auxiliary to the phonograph.—New York Times

# ROSTER OF THE 13TH WISCONSIN VETERAN VOLUNTEER INFANTRY

The reunion of the Thirteenth Wisconsin veteran volunteer infantry held at Janesville on August 16, 1899, showed a roster of something like 500 surviving members. Quite a number of these have died since. The Gazette has attempted to get a complete roster of the southern Wisconsin men now alive belonging to this regiment. Many of them will be present at the reunion today. It is as follows:

# SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S.S.S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system a constant drain upon the system.

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. P. Zuber, Lock Box 25, Winona, Minn., says: "Six years ago my leg from the knee to the foot was one solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S. S. S., and it made a complete cure. I have been perfectly well ever since."

S.S.S. is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.

Send for our free book and write our physicians about your case. We make no charge for this service.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Dougherty and Louis O'Rourke brought in a verdict of not guilty. To those who listened to the evidence introduced during the trial the verdict came as a great surprise. The prisoners and their attorneys were as much surprised as anyone and did not hope for anything better than a disagreement.

In order to reach the verdict they did, the jury must have come to the conclusion that the only persons connected with the case that told the truth were O'Rourke and Dougherty. The testimony closed about 3:30 o'clock and the balance of the time from then until six o'clock was taken up by the arguments of the attorneys and the judge's charge.

Attorney Mahoney's statement to the jury in his outline of the defense that he would try and show that Cullen committed the robbery evidently covered up all evidence to the contrary that was introduced. But two ballots were taken by the jury after they left the court room, the first being nine for acquittal and three for conviction and the second twelve for acquittal.

O'Rourke and Dougherty are again free men but how long they will remain so remains to be seen.

## Visit Stone Crushing Plant

A number of aldermen, city officials and visitors under the guidance of Superintendent McLean visited the stone crushing plant yesterday afternoon and witnessed the workings of the plant and the firing of two large blasts. Twelve thousand yards of stone was loosened by the blast which was two hundred and seventy six pounds of dynamite placed in forty-six holes nine feet deep which had been drilled into the quarry bed.

The blast yesterday was a success in every particular and will furnish stone enough to last the crusher for several days.

## Epworth League Meeting

A business meeting of the Epworth League of the First M. E. church was held in the church parlors last evening and was largely attended. Miss Myrtle Pantall presided and the work for the next six months was planned. Mrs. W. W. Stevens was elected to take charge of the literary work and Miss Elva Crawford was chosen chairman of the social department to fill vacancies caused by resignations. The league is plan-

ning for a reception to be given in the near future in honor of the members who are going away to school but the plans have not yet taken definite form.

At the close of the business meeting there was an informal social time which was fully enjoyed by all of those present. There was plenty of fun and during the evening delicious watermelon was served.

## AMUSEMENT NOTES.

During the past ten years Ferris Comedians achieved unusual success by its complete renditions of famous plays, and was, undoubtedly the very first to give melo-dramatic productions at popular prices. The experiment proved wonderfully successful and gained a national reputation for this organization. On their appearance at the Myers opera house on the week of August 26th many celebrated plays will be given for the first time at popular prices. The complete list for the coming engagement includes: "The Plunger," "The Indian," "For Love of a Woman," "The Commodore," "In the Land of the Cajuns" and "The Two Orphans." Each presentation will be given entire, and it is one of the boasts of the attraction that no local scenery is used during the entire engagement. For Monday night the play will be "The Plunger." This will be ladies free night.

The children who are to take part in "Lovers Lane" at its presentation at the Myers Grand on September 10, have been chosen and yesterday afternoon they assembled at the Myers Grand dressed in their best bib and tucker and George Wise, the photographer, took a portrait of the group. This photograph will be sent to the manager of the "Lovers Lane" company in New York and a cut made for use in the newspapers and on the programs. The children who will help to make the stage picture are Effie Jones, Lottie Fundall, Bernice Williams, Bessie Winbiger, Leona Plinte, Nettie Parker, Katherine Reynolds, Eddie Bernard, Jimmie Lee, Joe Hogan, John Griffiths, Willie Gosselin, Willie McLaughlin and Glen Burns. The company carries ten children who have speaking parts.

## The Milwaukee Manifesto.

The Oshkosh Northwestern, the leading La. Follette paper in the state has the following to say regarding the Milwaukee manifesto:

"We publish today the address of the anti-La Follette members of the Wisconsin legislature. It is signed by fifty-nine gentlemen, eighty senators and forty-one assemblymen, a majority of the republican members. The address itself is rather disappointing as it opens like the Declaration of Independence and the climax is reached when the public is invited to call at the new headquarters and join the Wisconsin Republican league. But the significance of the document lies in the signatures. When any considerable number of the people's representatives inaugurate a movement of the kind it is worthy of notice, but when a large majority of the republican legislators give their approval it possesses a deep significance. The Northwestern confesses to a degree of surprise that so many representatives should have endorsed the movement against Mr. La Follette. Any citizen has a perfect right to express himself in regard to the actions of any public official, and the opinion of a member of the legislature who has had an opportunity to come in contact officially with the chief magistrate is worthy of consideration. While the address itself is crudely written and expresses only half truths, yet the whole movement has now taken such shape that it completely alters the political situation. Every friend of the republican party must regret the necessity for such an expression on the part of the people's representatives, but the movement is too powerful and too well defined to justify criticism of the motives which impel the legislators to take the action which they have and is fraught with so much significance regarding the future of the party in this state."

# NOT AS SERIOUS AS WAS APPREHENDED

Reports from Farmers in Various Parts of Wisconsin Have Become More Encouraging.

The result of the drought in Wisconsin will not be as serious as apprehended, judging from the reports of the farmers in the various parts of the state. In the northern and central parts of the state, especially, it is believed that there will be fair crops. The reports from the southern portions are less encouraging. While it is true that the early crops of potatoes have been disappointing in many parts of the state, it is hoped and believed that the later crops will be satisfactory.

To ascertain the exact state of the crops in this state the Milwaukee Sentinel sent out inquiries and the replies have been encouraging. The reports from Beloit, Plainfield, Menominee, Racine and Stevens Point are depressing, but those from other sections of the state are good, the farmers about Marshfield being in unusual good spirits. The crops of grain have not suffered as much as have the vegetables and the farmers are now expecting that the late crop of vegetables will be satisfactory, although the early crops were not.

## Broke Fishing Record

James Lane of Elgin, Ill., broke all previous fishing records last Tuesday at Squaw lake near Minocqua, Wis., when he caught twenty-one muskallonge, the largest weighing thirty and the smallest five pounds; two bass and one pike. Ten of the muskallonge averaged fifteen pounds each.

He brought the catch in yesterday afternoon, and it was photographed. Mr. Lane is now admired and envied by all the tourists in the city. Thos. McGregor acted as guide.—Minocqua Times.

## BRITISH ARE DRIVEN BACK

Several Boers Killed and Others Made Prisoners.

## LATER THEY ALL ESCAPE.

Reinforcements Coming Up, the English Are Attacked and Compelled to Flee—A Lively Hand-to-hand Encounter—Many Prisoners at Pretoria.

Pretoria, Aug. 21.—Captain Wood of the constabulary, with 100 men, including some of Morley's scouts, a command made up partly of former burghers, made a night march and surprised a Boer laager Saturday morning twenty miles northeast of the Springs. They surrounded the Boers on three sides and poured in a hot fire at 200 yards range, the Boers saddling up in confusion. It is known that twenty-three Boers were killed, but the number is probably greater. Numbers of the Boers managed to stream out on one side of the laager. The British retired, but found their line of retreat blocked by another body of Boers which was coming up. The situation was perilous and a hand-to-hand fight ensued. Fine bravery was shown. Captain Morley was severely wounded. Three Boers attacked Captain Wood and pulled him off his horse. Captain Wood smashed the face of one of the Boers with his riding whip, took his rifle, remounted, and escaped. There were other similar incidents. During the melee nearly all the prisoners who were taken in the first fight escaped. Colonel Benson surprised a laager at Warm Baths, near Carolina, killing two and capturing thirty. Among the latter were Commandant de Villiers, father-in-law of Acting President Schalkburg, and Captain Breytenbach. The number of prisoners that arrived at Pretoria during the last week was the largest for months.

### Fakes Fun at Recruits.

London, Aug. 21.—The Official Gazette contains a long dispatch from General Kitchener, detailing the operations in south Africa from May 5 to July 8. In the course of his report General Kitchener makes an amusing reference to the yeomanry recruits, many of whom, he says, are unable to ride or shoot. He considers there were at the time referred to 13,500 Boers in the field, but the long railway lines necessitate the employment of a large number of troops to prevent the Boers from capturing trains. General Kitchener declares that great patience is required.

### Iowa Democratic Convention.

Des Moines, Ia., Aug. 21.—Cato Sells of Vinton, who was regarded the strongest candidate in the field, and whose nomination by acclamation had been generally predicted, issued a statement in which he announced that he not only is not a candidate for the gubernatorial nomination of the Iowa Democrats, but will not permit his name to go before the convention. Mr. Sells' friends still insist they will force the nomination upon him, but the chances are he will not accept if the silver controversy develops expected proportions. The elimination of Sells leaves Horace J. Stiger and ex-Mayor T. J. Phillips of Ottumwa the only avowed candidates in the field before the convention, which opened here today.

### Big Fugitives Matched.

San Francisco, Aug. 21.—Without any shaking of fists, stamping of feet or threats, articles of agreement between James J. Jeffries and Gus Rubin to fight for the championship of the world were drawn up and signed at Harry Corbett's place on Ellis street. It was agreed that the match is to take place on some day in either November or December before the club offering the largest purse.

### Rescued Men in a Snipe.

Cleveland, O., Aug. 21.—John Engene and Adam Kest, the men who were rescued from the water works tunnel yesterday after having been imprisoned nearly six days without food, are reported to be in a precarious condition to-day at the hospital where they were taken. They are in a snipe or delirious most of the time. The physicians, however, still believe the men will ultimately recover.

### Mob Rules the Town.

Pierce City, Mo., Aug. 21.—With the exception of a few car porters, who are known to be respectable, there is not a negro in this town. For fifteen hours an armed and furious mob coursed through the streets, chasing away every negro. The homes of five negroes were burned, and in one of them Peter Hampton, aged 71 and feeble, was cremated, as he was unable to escape.

### Way to Consult McKinley.

Washington, Aug. 21.—Secretary of State Hay left Washington for Canton, where he will have a conference with President McKinley on the situation in the northern part of South America, and on the Isthmus of Panama. The situation will be thoroughly gone over, and a line of action will be mapped out to meet any emergency that may arise.

### Two Sisters Are Drowned.

Maquoketa, Iowa, Aug. 21.—Bessie

and Hazel, aged 21 and 16, daughters of William Reeve of this city, were drowned in the Maquoketa river. Their bodies were found two hours later clasped in each other's arms in nine feet of water. The father lost his wife but a few years ago and is prostrated with grief.

### Will Build Longest Tunnel.

San Francisco, Aug. 21.—The longest railroad tunnel in the United States will be built through the Sierra Nevada mountains of California. If the present plans of E. H. Harriman are carried out, Chief Engineer Hood has sent out a corps of men to make preliminary surveys, and their work is expected to be completed in six months. The tunnel project, which will involve an outlay of from \$3,000,000 to \$5,000,000, contemplates the boring of a hole 27,000 feet in length through the heart of the Sierras. Besides saving a climb of 1,500 feet, the tunnel will shorten the road about seven miles and is expected to effect a great saving in operating expenses.

### Investigating Chicago Police.

Chicago, Aug. 21.—An investigation of the entire police department, from the ordinary patrolman up to the heads of the departments themselves, is to be begun at once by the civil service commission. Every charge against the entire force will be taken up and every one guilty of any conduct not approved by the commission will be punished, either by fines or dismissal from the department. Meetings will be open to the public and the commission will continue its work from day to day until every case has been disposed of.

### Sees Vision; Drops Dead.

Princeton, Ky., Aug. 21.—Lowry Nabbs, a prominent farmer of the Hopson neighborhood, died yesterday in Blue Spring Church of heart trouble. He started to lead a song and fell over unconscious. He told his wife that morning that he had dreamed the night before that his daughter, who died three weeks ago, appeared to him and told him he must go with her. He leaves a widow and six children.

### Railroad Blacksmiths Meet.

Denver, Colo., Aug. 21.—The National Railroad Blacksmiths' association has opened a three days' convention in this city. The association was founded at the world's fair in Chicago in 1893. The object of the association, says President Thomas A. Lacey of Baltimore, is the improvement of railroad iron work; the conditions and methods of working with tool steel, and the exchange of ideas on these subjects.

### Uncle Sam Buys a Site.

Washington, Aug. 21.—Assistant Secretary of the Treasury Taylor has selected the site for the public building at Seattle, Wash. The site is the one offered by Crawford & Canover, and is the southeast corner of Union street and Third avenue. Its dimensions are 184x240 feet, and the price to be paid is \$174,750.

### ILLEGAL WEDDINGS IN INDIANA

Investigation Shows That Marriage Laws Have Been Violated.

Indianapolis, Ind., Aug. 21.—Investigation into the execution of the Indiana marriage laws, following the action of the attorney general in the Jeffersonville Gretna Green cases, has developed that the laws are not being obeyed in nearly every county in the state, and thousands of illegal marriages are being solemnized every year. Few county clerks require the affidavit that the female resides in the county, as the law requires. The attorney general says: "Every license issued to non-residents is illegal and the clerk, justice or minister can be prosecuted in each case. The licenses must be issued in the county where the female resides to make it legal and the marriage binding." An entire overhauling of the marriage laws of the state will be made.

### Paducah Death List Grows.

Paducah, Ky., Aug. 21.—The full seriousness of the City of Goldconda disaster at Cottonwood bar, four miles above Paducah, is just beginning to be fully comprehended by the people of Paducah, as body after body is brought into the city and taken to the undertakers. It is certain the death list will number seventeen and perhaps twenty-two. An official investigation will be made, as it seems certain that the most culpable carelessness caused the catastrophe.

### Driver Killed by Live Wire.

Wilmington, Del., Aug. 21.—Harry Johnson, colored, a driver of a coal wagon, last night raised his arm to brush away a wire that was hanging in the street. It was a "live" wire, and Johnson was instantly killed. The Phoenix ambulance was called to attend Johnson, and while responding was struck by a trolley car and the four men comprising the ambulance corps were badly injured.

## CHILEAN MINISTER IS DEAD.

Diplomat Succumbs to an Attack of Pneumonia at Buffalo.

Washington, Aug. 21.—The state department is advised by telegraph of the death of Senor Don Carlos Morla Vicuna, minister from Chile to the United States, which occurred at Buffalo. Senor Vicuna was one of the best-known South American statesmen. Senor Vicuna came to Washington about three years ago, succeeding Minister Gana, who was transferred to London. The Vicunas have been prominent in South American affairs, and the minister soon endeared himself to the officials and diplomatists in Washington by his charming personality and his ability. He was accompanied by his wife and family who have been an interesting acquisition to the diplomatic circle. Of late the legation in Washington has been closed, the minister and family and the entire official establishment being removed to Buffalo, where Chile had taken the lead of South American republics in the magnitude of its exhibit. Soon after the receipt of the dispatch announcing the minister's death, Secretary Hay sent a message of condolence to the bereaved relatives and friends.

## GET MESSAGES OVER SEAS.

Friends of Passengers on Steamer Receive Wireless Telegrams.

New York, Aug. 21.—The North German Lloyd steamship Kaiser Wilhelm der Grosse, from Bremen for New York, was spoken by wireless telegraph from the Nantucket lightship. Capt. Annaler wired that all on board were well and that the passage had been good. This was the first message received. The following messages were then received:

"Kaiser Wilhelm der Grosse, Aug. 20.—To Parsons, Lenox, Mass.: Arrive 10 tomorrow. Daniel."

Another message was: "Kaiser Wilhelm der Grosse—To 2,646 North Third Street, Philadelphia: Home afternoon from New York. Sent Marconi system. Love, kisses, Jack."

At a quarter past 1 the signals of the Kaiser were becoming intelligible and the character of the spark used proved that the limit of distinct transmission under the existing atmospheric conditions had been passed.

### Thunder Kills Little Girl.

Philadelphia, Pa., Aug. 21.—The thunder last night is believed responsible for the death of 7-year-old Eleanor Johnston, who lived in Germantown. During the storm Eleanor showed signs of nervousness. Each crash of thunder caused her to tremble. Suddenly she became unconscious, and all efforts to revive her failed. She died shortly afterward.

### Lawyers Capture Big Game.

Denver, Colo., Aug. 21.—William P. Breen, the Indiana member of the general council of the American Bar association, and Hugh O'Neill of the Chicago bar, have established a reputation as hunters by exhibiting the skins of two mountain lions shot by them near the San Juan mountains of Colorado.

### Four Children Are Burned.

Currie, Minn., Aug. 21.—Three children of P. Byrne, living near this place, were burned to death, and a fourth is dying as the result of a fire which destroyed the home to-day. The parents were working in the harvest field when the fire broke out, and were unable to save their little ones.

WISCONSIN WEATHER FORECAST

Partly cloudy with possible showers tonight.

A DOCTOR'S CONFESSION.

An eminent English physician in an address before the British Medical association, has made a confession which will startle some and convince many that the family physician is not always the good angel he is generally considered. A Colorado man demands \$25,000 of the state to submit to an experiment on himself in order to settle a much mooted question, and yet if our American physicians are at all like their English friends, our doctors are making much less expensive experiments every day and are being paid for it too. "Drugs are given, not to cure disease, but because the patient is not happy until he gets them," is one of the statements made by this man. If a man is not happy until he gets a dose of a drug he generally will not be happy afterwards until he gets another dose, and if a doctor thinks he is purchasing peace by according to demands, he will soon find himself greatly mistaken, for there can be no peace to a physician who is in the habit of satisfying a patient's desire for drugs. A desire has been artificially created and weak beings, we are sooner or later in the toils of a thirst or habit which will cling to our mental, moral, and physical being with a tenacity never equalled by liquor or tobacco.

But worse than the foregoing reason is the second excuse physicians have for giving drugs, namely, "To hide our ignorance or give time for study." Many physicians are poor diagnosticians and in most cases when they do not know what really ails a patient, they will administer a drug to fool him into thinking he is really better and the doctor knows all about it. We Americans more than other people demand heroic treatment, and immediate relief, which is obtained through the medium of powerful narcotics which will tide a patient over comfortably until the case can be carefully studied and the proper remedies be brought to use. It seems safe to say that too many of our physicians seek to become expert with the knife or in specialties rather than take the time and study necessary to become expert diagnosticians, and all of this in view of the fact that the most important branch of medicine is not medicines, but the diagnosis of diseases, which when made, will result in the speedy application of proper remedies.

A keener realization of the number of lives utterly ruined by thoughtless or ignorant administration of drugs by physicians for any of the above reasons would lead to more care and less drugs, with a consequent improvement of the patient's health.

"ON A BUSINESS BASIS."

Under the above caption the Milwaukee Sentinel devotes a half column to, exaggerating a shop lifted because he's a minister and underpaid. Undoubtedly the minister decided to work for the \$600 salary that was offered him, and undoubtedly if he had been worth more he could have found it. Then too, there are thousands of men who support their families on less than \$600, many of them ministers and missionaries.

A small salary is no excuse for dishonesty. The fact that church people fail to do their duty is no excuse for the minister not doing his. Especially is this duty imperative on a man who stands before his congregation as a minister of the gospel and exhorting them to lead pure and virtuous lives, and not yield to the voice of the tempter. A man is generally able to command all he is worth in any profession—his opportunities and environments are to a great extent what he makes them. Men will pay good wages to intelligent diligence, and generally the wages are in proportion to the intellect and diligence. Our Lowell friend was not worth the salary he got. He stood before the youth as an example and they know now what his life was and is, and are apt to excuse their own wrongs by such lives as his.

Poor wages never excuse sin.

A general feeling of unrest exists not only in South America but also at Washington, because of the encroachments of the invaders, and also because of the part religion

is playing in the conflict. The progressive element in Ecuador is striving to divorce the state and religion, and the present conflict is a part of their political campaign which has met with varying success. South American wars do not compare in the matter of expense with even the Santiago campaign, but they keep the people in a turmoil and state of unrest which interferes materially with the commerce of the people. By mistake, presumably, the Colombian army entered the territory of Ecuador in the interest of the friars, and Colombia is still looking for an opportunity to resent it, and punish the encroachment. It is probably true that Ecuador is prepared to cooperate with Venezuela in her troubles and thereby claim the armed assistance of that country. Aside from these smaller states, Chile, Argentine Republic, and Brazil have been prepared for war for some time, and are simply waiting for an opportunity to strike at each other and rearrange their boundaries or settle some similar dispute which has been troubling them for some time. If these larger and richer republics should be involved in war it would tear the South American continent into fragments that would change the map of that country entirely. Our country is sending war vessels to the centers of action and instructing its representatives to keep it posted on all movements of importance because a turmoil there means a good deal to our interests as the Monroe doctrine may be called into question at any time by Germany whose interests there are larger than those of any other country. That we are determined to enforce this doctrine stands to reason, and the South American troubles may prove very serious matters to this Union.

Arbitration In New Zealand.

Many friends of new republics will be surprised to hear of the discredit given to the compulsory arbitration law by that ideal of modern government, New Zealand. Although that country has doomed to failure a law, the fact remains that the principle of arbitration is in the air and will not be doomed by the action of any one or any number of countries. Public sentiment will rule the world sooner or later, which seems to be a question when we consider the modern machine politics, but nevertheless these machines will see their finish in short order when the slow but steady and trustworthy march of public sentiment is heard. Public sentiment always demands the arbitration of disputes, and as a principle it can no more be crushed to earth than can truth.

GOV. LA FOLLETTE MUCH IMPROVED

He Has Lost Considerable Weight During His Sickness, and is Still on a Vegetable Diet.

Madison, Wis., August 21.—Dr. Fox, who is attending Governor La Follette said he saw the latter last night and found him improving. "The governor," said the doctor, "has been up and around all day, and while he is still quite weak, he is better than he has been for some time. He has lost considerable in weight during his sickness and is still kept on a strict vegetable diet. If he continues to improve as he has the past fortnight I look to see him out soon."

"I do not know as he contemplates taking a trip anywhere for the benefit of his health when he recovers sufficiently to be out. At least I have not advised such a thing. We have had our hands full the past few days with the baby, who has, indeed, been quite ill, but is now much better."

THE OLD SOLDIERS' REUNION

Interesting Program Arranged for the Gathering of the 22d Infantry

The reunion committee of the 22d Wisconsin Volunteers held a meeting on Saturday night and laid plans for the entertainment of the numerous old soldiers expected to be present at the reunion in this city September 3rd. The exercises will be held in the Grand Army and Woodmen halls.

Among the speakers will be Major McIntyre of Indiana, former Quartermaster Sergeant, Mayor Smith will give the address of welcome, and there will be music by the Beloit Ladies' Quartette and the bugle call by Bandmaster Walsh. Several other speakers are expected, but it is not deemed best to announce them at this time.—Beloit Free Press.

JUSTICE KILLS NEGRO.

Shoots His Man and Then Coolly Confesses Trial.

Norwood, W. Va., Aug. 21.—No more remarkable scene ever occurred in an American court than that yesterday afternoon, when Justice of the Peace John Crider shot Phil Franklin while court was in session. The justice was trying the case of Emma Franklin and Anna Taylor, both colored, charged with fighting. While the trial was in progress a courier ran into the courtroom, almost breathless, and whispered to the court that Phil Franklin, the husband of one of the women, was en route to the trial with a rifle, swearing that he would release his wife or kill the officials.

Justice Crider said nothing, but reaching in his desk secured his revolver and started outside. Just as he left the door he saw Franklin turning the corner of the building. Franklin put his rifle across the window sill and shouted:

"Emma, come out of dar."

Crider then shot a bullet clear through Franklin's body. Franklin is alive, but with little hopes of recovery. The squire continued the trial as if nothing had occurred.

EXPLAINS THE BROOKLYN LOOP

Seaman Walter B. Adams Asserts That It Was His Own Error.

New York, Aug. 21.—Walter B. Adams of Gloucester, Mass., a seaman, who claims to have been stationed at the wheel of the Brooklyn in the battle of Santiago, is quoted as giving a new explanation of the loop made by Admiral Schley's flagship, according to a special from Belknap's Falls, Vt. Adams says that when the Viscaya was pointing her course, with the evident intention of ramming the Brooklyn, Commander Hodgkins, the navigating officer, issued the order to put the wheel hard down.

This would have thrown the Brooklyn directly toward the Viscaya. Adams says he understood the order, but involuntarily threw the wheel "hard up," causing the Brooklyn to swing away from the Spanish ship. Noticing his mistake instantly he eased the wheel down, and in getting the ship back to her course the loop was formed, which, Mr. Adams says, was not over half a mile in length.

NEBRASKA PEOPLE ARE RICH

Have Deposits in State Bank Greater Than Ever Before

Lincoln, Neb., August 21.—The quarterly statement issued today by the state banking board shows the largest amount of deposits in the history of Nebraska, being \$30,564,000, an increase of \$2.50 in three months, while the state was threatened with drought. During the panic of 1893 the deposits shrank to \$11,000,000. The large wheat crop in the state is said to be responsible for the increase.

Funeral of Vern Handy

There was an unusually sad burial at the Oak Hill cemetery yesterday morning at 11 o'clock when the casket containing the form of little Vern Handy, son of Mr. and Mrs. Harry Handy, was placed in its final resting place. It was a private burial without an officiating clergyman and was made necessary because the little fellow died of that dread contagious disease, diphtheria.

Master Vern was a bright child, four years and six months old, and he was idolized by his parents who are heartbroken over his death. He had been ailing for a week, but at first the nature of the disease was not known. His death occurred Monday night at 7 o'clock. The bereaved parents will have the sympathy of the community in their time of sorrow. Their home is under quarantine, but as yet none of their other children have shown any symptoms of the disease.

NEWS OF THE CITY IN BRIEF

Col. William P. Lyon and wife of Madison are in the city today to attend the annual reunion of the Twentieth Wisconsin, the regiment with which Col. Lyon served.

Busy Little Women.

Even the highest class of Japanese women have their household duties to perform, and no matter how rich the family, Japanese girls are brought up to be able to sew, cook, and attend to their homes. The higher class women never go to market. The market comes to them—that is, the dealers call and offer wares for sale at their customers' doors. Nearly all Japanese women make their own clothes; at all events, even the very richest embroider their garments themselves. They are very economical little dress-makers, and do much planning, cutting, and basting and making over.

## Y. M. C. A. JUNIORS RETURN FROM CAMP

Report a Glorious Time Putting in a  
Twelve Days' Outing at  
Delavan Lake.

The young boys who representing the Junior department of the Y. M. C. A. have been enjoying a twelve days' outing at Delavan lake, have broken camp and returned home full of delight over the time spent in camp. The boys were camped on the Delavan Lake assembly grounds. Their tents were pitched on the lots belonging to the Y. M. C. A. band and their camp was known as Camp Progress. They occupied three tents, each one in charge of a captain, those in charge of the tents being Secretary Kline, Arthur J. Clark and Roy Miles.

The outing was an ideal one, the main features being the fishing, boating and swimming. Especial attention was paid to the swimming and some of the boys became quite expert while all of them could swim enough to enjoy the time spent daily in the water. Wallace Mills, son of Dr. and Mrs. James Mills, astonished every one by the rapidity with which he learned to swim and dive and the feats which he accomplished. The campers had their own boats and they also enjoyed many pleasant rides with F. F. Lewis in his sail boat and with a Racine gentleman in his steam launch. One day was devoted to Lake Geneva, five of the boys making the trip on their wheels and the rest going in a carriage.

During the outing there were two reception days with special entertainment for the boys. Ice cream, cake and lemonade were served. On one of their reception days the boys were delighted to welcome Mr. and Mrs. F. H. Baack, Miss Bristol and W. H. Blair to the camp. A number of other Janesville people visited the camp at different times. W. F. McCaughy spent two days in camp and Dr. F. T. Richards spent one Sunday with them. He took his photograph with him and the boys enjoyed a delightful Sunday.

Meals were served in the Assembly dining hall and were prepared by a cook who was hired by the party. Mr. and Mrs. Leslie Williams and Mr. and Mrs. W. J. Rothmel, who were in camp at the lake ate their meals with the boys and the Rev. W. W. Woodside, his son Forest and his nephew spent considerable time at the camp.

Two field days were bright features of the outing. One was devoted to preliminaries and the other to final events. Howard Baack, although heavily handicapped, carried off the honors, winning first in the swimming race, the 100-yard dash, the 220 yard dash, the running broad jump and the standing broad jump. Wallace Mills won the diving contest and Curtis Carpenter the bicycle race of 1.34 miles from the lake to Delavan. Harold Jones took second place in the 100-yard dash and the broad jump. Myron Tracy won second in the 220-yard run, and third in the bicycle race, the 100-yard dash and the jumps. Paul Porter was second in the bicycle race and the swimming race. John Marsden was second in the swimming race and Howard Baack was third in the diving contest.

The camping party included J. C. Kline, Arthur J. Clark, Roy Miles, Curtis Carpenter, Howard Baack, Frank Fisher, Paul Porter, Vaughn McCaughy, Harold Jones, Stewart Richards, Wallace Mills, Donald Jeffries, Myron Tracy, John Marsden and Frank Blair.

## JANESVILLE DAY AT BELOIT FAIR

Imperial Band and a Large Delegation  
Enjoy Sights in the Line City.

Today.  
Beloit, August 21.—Today is Janesville day at the Beloit fair. The Imperial band and a large delegation from the "Bower City" arrived about 10 o'clock. More are expected during the day. At noon the crowd on the ground was estimated at four thousand and they were still pouring in through the gates.

H. D. McKinney, of Janesville, known as the leading horseman in the country, and who is well posted on fair and speed matters, said yesterday in conversation with one of the local fair men that the Beloit grounds were the nearest approaching the ideal of any that he had ever seen. The track, especially, came in for warm commendation.

Yesterday was Children's day at Beloit. About 3,500 people, mostly children were on the grounds. Only one race took place and that was a running race. The day was the initial one for the fair and many entries in all departments were made.

## MORE MAILS FROM CHICAGO AND EAST

Arrangements are being made with the Janesville & Southern railroad whereby a combination mail car will be attached to the train arriving here over their line at 10:35 and will go on through Madison. The return trip will be made on the train that leaves Madison at 3:45 p. m. and reaches here at 5:10 p. m. and Chicago at 7:55 p. m.

This will give Janesville a mail each way from Chicago daily, except Sunday that will accommodate many business houses that have a large afternoon mail to Chicago.

The Christian Endeavor society of the Presbyterian church gave a delightful lawn social at the home of Mr. and Mrs. S. B. Heddies, 107 Mineral Point avenue, last evening. The lawn was brilliantly illuminated with decorative lanterns and head lights, and ice cream and cake was served at small tables. The patronage was liberal and every one had a very jolly time.

## AN OPERATION FOR APPENDICITIS

Lee Alder of Edgerton Upon the Surgeon's Table at the Palmer Memorial Hospital.

Lee Alder of Edgerton underwent an operation for appendicitis at the Palmer Memorial hospital this morning. Mr. Alder has suffered five severe attacks of the disease during the past two years and finally decided, upon the advice of his physician, Dr. Willard McChesney of Edgerton, to have an operation performed.

Dr. McChesney accompanied Mr. Alder to this city this morning and was present with him during the operation. Dr. Crossman of Aulon, was also present. The operation was performed by Dr. Joe Whiting, assisted by Dr. W. H. Palmer and Dr. J. F. Pember. He was on the operating table about an hour. The operation was successful and Mr. Alder rallied nicely. While nothing definite can be told until tomorrow, there now seems no doubt of his recovery. He is a young man about twenty-five years of age and is the son of Albert Alder of Edgerton.

## BAD BOY IS SENT TO REFORM SCHOOL

William Kinney, Eleven Years Old,  
Confesses to Turning Switches  
in the St. Paul Yards.

A case of youthful depravity was before Judge Fifield of the municipal court this morning. William Kinney, eleven years of age, the adopted son of William Kinney, night watchman at the Rock River Wollen Mills was arrested on a warrant sworn out by B. F. Romaine, a detective in the employ of the St. Paul railroad company, that on the 17th day of August, 1901, he did willfully and maliciously and wantonly displace a switch on the Chicago, Milwaukee & St. Paul railroad.

The boy pleaded guilty to the charge and was sent to the Wisconsin Industrial School for Boys at Wauskegan by Judge Fifield until he should attain the age of twenty-one unless sooner released by law. Under Sheriff Cochran left at 12:45 o'clock with the boy to place him in the school where he will be taught better ways.

For some time back both the Northwestern and St. Paul roads have been annoyed by having switches in their yards thrown open so that when a train started up it would put a car or a number of cars off the track. Effort has been made by the employees of the road to locate the offenders who were believed to be boys that hung around the cars looking for a chance to do mischief. They were unable to locate the offenders and as much trouble was caused by them especially in the upper part of the St. Paul yard of the St. Paul line that a detective was sent out to look after them.

On August 17 Switchman Glen Burdick caught young Kinney, who was one of the boys who hung around the yards, in the act of throwing a switch under a train standing on a side track. He at once reported what he had seen and the boy was arrested.

The wreck on the Janesville & Southeastern railroad near the Northwestern crossing in Spring Brook was caused by some cars getting loose up in the yard at the end of the line and following the freight train down the grade which is quite steep at this point and running into the rear of the freight when it stopped for the crossing.

The railroad men are satisfied that some one loosened the brakes on the cars and let them go and think that the crowd that this young man associated with put him up to it. The railroad companies are keeping strict watch over their yards and expect to nab some more of the young offenders.

## IMPERIAL BAND TO PLAY ON LABOR DAY

All Differences Between the Labor  
Unions and the Band Have  
Been Adjusted.

The Imperial band has been engaged to play in this city on Labor day. The carpenters, brick layers and masons have combined and engaged the band to play for them on that day. Some time ago the labor unions of the city hired the Porter band to play on that day on account of a feeling between the unions and the band over some members of the band not being in good standing with the union. Since that time the trouble has been fixed up and the band engaged by the carpenters, brick layers and masons to head their division of the parade and play for their entertainment.

The unions in their statement published some time ago stated that there was no grievance between their body and the band and that they hired the Porter band for reasons of their own.

There has been an explanation on one part of both the unions and the band since that time and their troubles have been settled to the satisfaction of all.

## FIRST ROUND IN MATCH GOLF PLAY

Semi-Finals in Classes A, B, and C.  
Will Be Played Next Tuesday—Those in It.

The first round of match play in the handicap tournament of the Mississippi Golf Club took place on the club's links yesterday afternoon. The day was perfect for good playing and the grounds were in first-class shape. A stiff wind interfered with the play at some of the holes, but not enough to do any particular harm. The handicaps did not even cut much figure in some of the matches and a number of those who had been picked to win were badly defeated.

In the A class Victor Marquisse defeated Colin C. McLean, J. P. Baker defeated H. G. Carter, 1 up in 19 holes, Gorge Baumann defeated Charles Achterberg 5 up. Albert Schaller defeated H. H. McKinney 6 up and 5 to play.

In class B Burns Brewer defeated George Brownell 4 up and 3 to play. H. S. McGiffin defeated Herbert Gold in 1 up, Charles L. Fifield defeated Chester Brewer, F. C. Grant defeated Leo Brownell 2 up.

In class C F. J. Baker defeated H. M. Puiker 2 up, W. A. Jackson forfeited to O. Sutherland, H. W. McNamara defeated C. P. McLean 6 up and H. R. King defeated Bernard Palmer 2 up and 1 to play.

This leaves for the semi-finals which will be played next Tuesday, in class A. C. C. MacLean, J. P. Baker, George Baumann and Albert Schaller. In class B, Burns Brewer, H. S. McGiffin, Chester Brewer and F. C. Grant.

In class C, F. J. Baker, O. Sutherland, H. W. McNamara and H. R. King.

Next Tuesday's match will be followed by a club supper and a dance in the evening.

## ARTHUR J. CLARK HAS RESIGNED

Quits the Local Y. M. C. A. Secretaryship in Order to Attend the State University.

Arthur J. Clark, who has served efficiently as assistant secretary at the Y. M. C. A. building for some time past, has resigned his position in order to attend the University of Wisconsin. Mr. Clark will enter the university this fall and take the scientific course. He expects to pursue his Y. M. C. A. work and fit himself for a general secretary of the association but he desires to acquire a university education to fit himself better for the association work. Those who know the success he has met as assistant secretary feel sure that Mr. Clark has made a wise choice of his life work.

Mr. Clark's place as assistant secretary at the local building has been taken by Roy Miles, who entered upon his duties today. Mr. Miles has been assistant secretary at Racine for some time past and his services were engaged by the local board at a regular meeting held Monday night at which time Mr. Clark's resignation was accepted.

The board also granted Clarence Guthrie, janitor of the building, a month's vacation, and Mr. Guthrie left yesterday for his home in Ericksville, Ohio.

## NEW SALTING PROCESS

But Few People Know What Good Salted Peanuts Taste Like

"I think it is safe to state that but few people in Janesville realize how delicious good salted peanuts taste," said a Third ward lady as she emerged from the Palace of Sweets restaurant on the bridge. "At the Palace of Sweets they salt their own peanuts and take extra good care of every pound salted. They salt peanuts daily. In no way are they like the kind you buy in grocery stores."

Martin Luther's Misfit.  
Life insurance was unknown in Luther's time 1483-1516, or he might not have written: "If a man is not strong at twenty, handsome at thirty, learned at forty, and rich at fifty; he will never be strong, handsome, learned, or rich." That depends, so far as being "rich" is concerned, on what Luther meant by "rich." A man who goes to bed in these days can be what he would call "rich" if he then had nothing, by having provided for himself when he was at the strong and handsome ages with the ownership of a good endowment policy such as the Aetna Life issues every day. He could not thus acquire riches "beyond the dreams of avarice" it is true but he could have enough to make him comfortable as he tackled the down grade. Luther's remarks suited his times, but in the face of Life Insurance on the endowment plan it is a misfit. Let me explain the plan to you.

# CORN CONDITION MORE PROMISING

Upper Mississippi Valley and Lake Region Need Rain—Harvest in All Sections.

Washington, D. C., August 21.—The weekly crop report issued today by the Agricultural Department gives the following general summary of conditions throughout the country.

The temperature conditions of the week have been favorable except on the North Pacific coast, where it has been excessively warm.

A general improvement in the condition of late corn is indicated in the principal corn states.

The weather has been favorable for the spring wheat harvest in all sections. Harvesting is nearly finished in the Dakotas, Minnesota, and Oregon and is in progress in Washington, where, owing to excessive heat, the grain has ripened somewhat too rapidly. In North Dakota, owing to shrunken berry and poorly filled heads, the yield of spring wheat is proving disappointing.

Tobacco has sustained injury from rains in portions of Maryland, Virginia, North Carolina, and Tennessee but has been greatly benefited in the last named state, as well as in the Ohio valley where cutting is in progress.

The general outlook for apples continues unpromising, although slightly improved conditions are reported from parts of Indiana, Illinois and Ohio. The excessive rains have caused peaches to rot extensively in the middle and south Atlantic states.

The report for Wisconsin is as follows: Threshing is well under way, yield of winter and spring wheat and barley generally good, quality excellent; oats light; corn generally backward, but with favorable weather will make a crop in central and northern sections; potatoes generally poor crop; second growth of clover excellent; apples light and of poor quality.

# EXPECTS THE STRIKE TO END SOON.

Steel Trust Thinks the Trouble Will Not Last Much Longer.

New York, Aug. 21.—Judge Gary, Mr. Schwab, and other officers of the United States Steel corporation refused to discuss the general strike situation or the action of the Milwaukee lodges of the Amalgamated association in joining the strikers in violation of the agreement with their employers. An official of one of the subsidiary companies said:

"We have nothing to say to the public, because we have resolved to adhere to our attitude of indifference toward the strikers. We do not expect that the strike will be prolonged. There are signs both at Pittsburgh and McKeesport that a large number of the strikers are not in sympathy with their leaders. They are just beginning to feel the effect of their idle spell upon their pockets. When once the payments of strike benefits begins the fund in the treasury of the association will be exhausted within two or three weeks. After that there will be little life left in the strike or in the association either."

Schwab May Resign.

New York, Aug. 21.—The resignation of Charles M. Schwab as president of the United States Steel corporation is predicted. It is stated that Mr. Schwab will devote his energies to the management of the Bethlehem Steel and Iron companies.

Mr. Schwab, when seen at the Hotel Lorraine in this city and questioned with regard to the correctness of the report, declined positively to discuss it.

# HUMAN AND HORSE CENSUS.

With a population of 4,780,000, the Argentine republic possesses 5,081,000 horses. It is the only country in the world that has a horse for every inhabitant.

# GOLD PRODUCING AREAS.

Of the five great gold-producing areas, Russia alone remains unprogressive, while the United States and Canada have doubled their product in the last 20 years.

# ISLANDER'S LOSS OF LIFE 42.

Officers of the Vessel Deny the Report That They Were Drunk.

Victoria, B. C., Aug. 21.—Later reports received of the disaster to the steamer Islander place the loss of life at forty-two, but no further names are obtainable except that of Howard Fowler, which was given in the list published yesterday as Howard Smith, second steward. Another name is added to the list of saved—that of Quartermaster Hintz. Purser Bishop had gone to Skagway to get a full list of those who took passage on the steamer and until he arrives on the Hating, in a few days, nothing further can be given. Pilot Leblanc and all the officers deny a report circulated in Seattle that either he or the captain was intoxicated and assert that the Islander was well supplied with lifebelts.

London, Aug. 20.—The disaster to the Canadian Pacific liner Islander is commented upon by nearly all of today's papers. In some particulars the tragedy recalls the loss of the North German Lloyd steamer Elbe, which sunk off the southeast coast of England in January, 1895. On that occasion 385 lives were lost, but the circumstances of the collision were curiously similar.

# HANNAS LEAVE CLEVELAND.

Senator and Family Start for Outing at Summer Home.

Cleveland, Aug. 21.—Senator and Mrs. Hanna, accompanied by their two daughters, the Misses Mabel and Ruth, left Cleveland to-day on the steamer North West for Hay Lakes, near Sault Ste. Marie, Mich., where the family will spend a few days at the Hanna summer cottage.

Mr. Hanna will take an active part in the formal opening of the Republican state campaign, which probably will take place at Delaware Sept. 21. Among the speakers will be Senators Foraker and Hanna, Governor Nash and Carl L. Nippert, candidate for lieutenant governor.

# COLLISION ON THE ALTON.

Two Trainsmen Killed in Accident at Prentice, Ill.

Jacksonville, Ill., Aug. 21.—The "Hummer," the Alton fast Kansas City train, ran into a freight that had failed to clear the siding at Prentice, a station eight miles north of here, shortly after midnight. So far as known there were but two killed, Engineer Sheehan and Fireman Adams of the passenger train, although several were badly injured. A special train from this city took physicians to the wreck. The passenger engine and baggage car were wrecked and the other coaches were derailed.

# DEALS IN DEGREE DEGREES.

Washington, N. J., Aug. 21.—The Presbyterian ministers in this section are up in arms against Rev. "Dr." George H. Stewart Campbell of Glen Riddle, Pa., who is accused in New York papers of having been a canvasser for a Chicago degree mill. Rev. Mr. Campbell was for several years located at Beattystown, N. J., a small town near here, and it is now believed that he derived a larger salary from the sale of divinity degrees than he did from his church. It is not sure that these ministers knew just what they were getting when they bought their degrees, but they one and all claim that they believed they were being honored by the University of Chicago.

# SUICIDE, DESPITE WIVES' PLEADINGS.

Pittston, Pa., Aug. 21.—John Turas, a prominent hotel man, committed suicide by drowning. Remorse over alcoholic indulgence is believed to have been the cause. When he left the hotel he went toward the river. His wife followed and jumped into his boat just as he was pulling away from the shore. She implored him to return home, but without success. In the middle of the stream he jumped overboard. His wife caught him by the coat, but he struggled, she lost her hold and he disappeared. His body has not been recovered.

Chinese Emperor named October 6 as the date of his return to Peking.

# GENERAL JOE KNIPE DEAD.

Hero of Two Wars Expires at His Home in Harrisburg, Pa.

Harrisburg, Pa., Aug. 20.—General Joseph F. Knipe, a hero of two wars, is dead at his home in this city. He fought through the Mexican war with General Scott and in the civil war he participated in all the battles in which the Twelfth corps took part from Chattanooga to Atlanta. He afterward served as chief of cavalry in the Army of the Tennessee.

He was postmaster of Harrisburg during the Johnson administration and at the time of his death was connected with the state department.

# STATUE FOR WAR DEPARTMENT.

New York, Aug. 20.—The statue of Liberty on Bedloe's Island will be turned over to the war department if the recommendation of General Brooke, commanding the department of the East, is approved by congress. The recommendation will, it is said, be endorsed by Secretary Root, with the suggestion that congress appropriate sufficient funds to complete the base of the statue and the approaches to it.

# THE VALUE OF A MIXED DIET.

One of the most notable exemplars of peculiar dietary customs is an American army officer of good physique, who, in several years of exacting service at an out-of-the-way Western post, subsisted entirely on "canned goods." It was his custom to open cans at haphazard, a single can for each meal; whether the contents were fish, fowl or flesh, vegetables or fruit, he ate that and nothing more, and he lives to tell the tale. But he was always active, physically and mentally, except when asleep, and he breathed fresh air twenty-four hours of every day.—Saturday Evening Post.

**Lonely Homes**

A home is never complete without children. Yet many homes are childless. Many wives are desolate for the lack of a child to love. Their lives are aimless—void of the high motives of motherhood. While barrenness is causing incalculable sadness and sorrow, it exists in most cases on account of some little female trouble, which Wine of Cardui would speedily set right. This pure Wine regulates the disordered female organs by building up the worn out nerves and regulating the menstrual flow. It restores the fallen womb to its proper place. By strengthening the generative organs, it makes pregnancy possible where barrenness exists. You can depend on

**WINE OF CARDUI**

Suffering women all over the land have been depending on it for seventy-five years. No more convincing proof can be given than the testimony of Mrs. Benson, who is only one of thousands of women to whom Wine of Cardui has brought a permanent cure. Many cases of miscarriage—that trouble which robs mothers of their hopes—have been avoided by timely use of the Wine. You are asked to try Wine of Cardui and The Ladies' Black-Draught, its companion medicine. Nine out of ten cases of female trouble, barrenness included, yield to them. All druggists sell \$1.00 bottles of Wine of Cardui.

Last May I had a miscarriage, which was followed by flooding. I read your Almanac and my husband got me a bottle of Wine of Cardui and it stopped my flooding and restored my fallen womb to its place. Now I am cured after taking three bottles and have another to take which I got this morning. I am expecting to become a mother and Wine of Cardui will be my doctor.

# Walking to Work

Is the only way in which the business woman, employed in store or office, can get open air exercise. Is it any wonder that she often grows pale and thin and develops a tendency to "weak lungs." Whenever there is pain in breathing, soreness of the chest, obstinate cough, bleeding from the lungs or any other symptoms of disease of the respiratory organs, begin the use of Doctor Pierce's Golden Medical Discovery and continue the use until cured. Ninety-eight in every hundred who have used "Golden Medical Discovery" for "lung trouble," have been perfectly and permanently cured.

"I was very sick indeed," writes Mrs. Mollie Jacobs, of Feltou, Kent Co., Delaware. "and our family doctor said I had consumption. I thought I must die soon for I felt so awful bad. I had bad cough, spit blood, and was very short of breath. I had pains in my chest and right lung, also had dyspepsia. Before I took your 'Golden Medical Discovery' and 'Pleasant Pellets' I was so weak I could not sweep a room, now I can do a small washing. I feel like a new person."

Dr. Pierce's Pellets cure heart-burn.

## MANY RURAL ROUTES

Wisconsin is Faring Well in the Matter of Establishing the Free Delivery Service.

Washington, D. C., August 21.—Superintendent Machen of the free delivery service has concluded the work of determining the number of rural free delivery routes to be established in the various states up to and including November 1. The funds available for this service are quite adequate for its material extension.

It is noted in the figures made public that the northwestern states fare well in the allowances made, as compared with other states. On September 1, Wisconsin will have 246 routes in operation with 200 applications pending. On October 1 rural free delivery will be established at Milwaukee with two carriers; South Side and South Milwaukee, one carrier each and at Richland Center and Whitewater with two each.

On November 1, the service will be established at Grand Rapids, Seymour, Shiocton, New London, Black Creek, Marlon, Kaukauna, Weyauwega, Scandia, Appleton and Iowa with one carrier each, at Depere with two carriers and at Waupaca with three.

## IOWA DEMOCRATS DIVIDE ON SILVER

Des Moines, Ia., August 21.—Until an early hour this morning the democratic leaders sought to get together on the platform to be adopted by the convention which was called to order at about eleven o'clock, but when the gavel fell they were no nearer together than yesterday. The fight will be carried to the floor of the convention where the silver men are expected to win in their contention for the reaffirmation of the Kansas City platform.

## FRENCH RELATIONS WITH TURKEY STOP

Paris, August 21.—It is semi-officially announced that the French minister to Turkey has broken off diplomatic relations with the Porte. London, August 21.—According to press dispatches from Paris during the week the breaking off of diplomatic relations with the Porte by the French minister has been expected since the controversy regarding the ownership of the quays in Constantinople took a serious turn.

### WILL DEFY FIRE'S TERRORS

Professor of Occult Science to Place Man in Burning Oil.

Reading, Pa., August 21.—Professor William Kretz of the Berks Occult Science society is arranging for a more dangerous experiment than the burying of a man alive. He says he proposes to fill a tank with oil, gasoline, hypnotize one of the members of the society and stand him by it. A match will be applied and of Professor Kretz's ideas are correct all of the oil will be burned without

leaving the slightest scar on the subject's body. Professor Kretz has called a meeting of the society for Thursday night.
